Coastal Campers

Newsletter

February 2010

Thinking of taking a late summer break? Now's a good time to head away in a Motorhome or Campervan. Grab your gear, hit the road and escape for a while.....

Late Summer Getaways

Central Plateau

If you're thinking of doing the Tongariro Crossing (a Kiwi 'Must do' Weekend), make sure you spend a night at Taupo DeBretts. All Coastal Campers vehicles receive a 10% discount off their campsite and you can relax in the hot pools while the kids have fun in the water playground.

Northern Coromandel

Try out the new walk way from the eastern end of Port Jackson over to Bum Bay. (does anyone know how it got it's name?) DOC has recently completed the track which takes in views of the Hauraki Gulf Islands & has spots for sea bird and whale watching. The loop can be completed in about 2 hours and is routed near the Wharekaratua Pa site.

We make it easy for you

Everything's Included

There's no need to spend loads of time thinking about what to bring, you'll already find it on board....tea towels, detergent, bedding, first aid kit, torch, outdoor chairs & table just to mention as few things. All you need is your food, clothing & personal items. Our affordable daily rates include insurance and with no extra hidden charges you'll know exactly what it will cost before you leave.

Sustainability

Coastal Campers are now members of the Coromandel Sustainable Tourism group and we are taking steps towards reducing the impact our company has on the environment. Our new Sustainability webpage will be online soon, let us know what you think.

All of our Motorhomes and the 2+1 Campervan are certified self contained and all carry eco-friendly products on board.

So that we can reduce our paper usage, all future newsletters will be sent to you via email. If you do not wish to receive them please contact us.

Kauri 2000

As a way to help offset the carbon footprint of our business and the visitors that travel with us, we are pleased to announce that we are now proud sponsors of Kauri 2000.

We pledge to sponsor a kauri tree for every 10 rentals taken. Kilo for kilo, Kauri absorb even more carbon equivalents from the atmosphere than pine trees.
